PROFESSIONAL EXPERIENCE

Senior Web Developer | Sterrific

Feb 2025 - Present

- **Led production deployments, migrations and Cloudflare DNS/SSL configuration**, achieving zero migration downtime and improving site speed by 35%.
- **Built and maintained 40+ production WordPress websites** using PHP, ACF, CPT, WooCommerce and custom front-end development.
- **Increased WooCommerce conversion rate by 25%** by translating a custom Figma design into WordPress and implementing tailored payment, shipping and e-commerce functionality.
- **Delivered a 40+ website revamp programme within four months** by coordinating concurrent development work while maintaining delivery quality.
- **Reduced operational, security and search risk** by resolving malware, plugin conflicts, redirects, schema, sitemaps, GSC, hosting faults and API integration issues.

Web Developer | MacGad Technology Sdn Bhd

Apr 2024 - Jan 2025

- **Improved WordPress website performance by 30%** through front-end optimisation, page structure and usability improvements.
- **Delivered production websites for Revor Mattress, MUVATA Auto Parts and Hyperack** using WPBakery, Elementor, HTML and CSS.
- **Improved landing-page conversion readiness** with custom HTML/CSS, on-page SEO and Google Ads tracking for a financing-sector client.

Assistant Chief Information Technology | Yayasan Pasir Gudang

Dec 2020 - Apr 2024

- **Developed and maintained the organisation's custom WordPress platform** using PHP, MySQL, HTML and CSS while supporting ongoing digital operations.
- **Increased social media engagement by 50%** through digital campaigns and improved organic search visibility through on-page SEO and technical page optimisation.

Junior Programmer | Nestle

Feb 2020 - Aug 2020

- **Built the first paperless e-form system for two Nestle factories** using PowerApps, Power BI and SharePoint.
- **Supported structured process improvement** using DMAIC methodology and earned White Belt certification.

SELECTED PROJECT

Interactive 3D Drive-Thru Portfolio (2026) - Built a framework-free 3D portfolio using HTML, CSS, JavaScript and Three.js with programmatic environments, keyboard/touch controls and GitHub Pages deployment.

EDUCATION

Bachelor's Degree, Mathematics and Computer Science | Universiti Malaysia Sabah | Sep 2016 - Nov 2020 | CGPA: 3.5
